Belmont Plating Information

<http://www.belmontplatingworks.com/>

Belmont Plating Works, Inc. was founded in 1947 by an industrious family man with a vision for the future. A vision of a growing company based on quality and service. Its beginning was humble, with only a small plating shop on Belmont Avenue in Franklin Park, IL. But through hard work and dedicated service, Belmont Plating Works has grown to what is now one of the largest barrel zinc plating facilities in the Midwest. Its expansive facility has more than 78,000 square feet and is located on 4 acres in the heart of the midwest manufacturing world. Quality and service are what the company was built on, and this is what will keep this dynamic company growing and successful through the new century. It is with an attitude of pride in craftsmanship and excellence in customer service that we enter this exciting era of the new millenium.

With a commitment to keep abreast of new technologies and expanded services, we will continue to grow and maintain leadership in the metal finishing industry. Belmont Plating Works is still a solid family owned business with a vision for the future.

ZINC

BELMONT PLATING WORKS, INC. SPECIALIZES IN HIGH VOLUME, HIGH QUALITY BARREL ZINC PLATING. WE CAN HANDLE A VARIETY OF MATERIAL SUCH AS NUTS, BOLTS, WASHERS, METAL STAMPINGS AND AUTOMOTIVE PARTS.
